

Beyond Success — Leadership Certificate (John C. Maxwell / EQUIP)

Candidate: Aime Serge UKOBIZABA

Program: Beyond Success — Leadership & Personal Growth (EQUIP / John C. Maxwell)

What this shows:

Practical leadership frameworks, mentoring, communication, and applied professional development used to coordinate peer workshops and TA activities.

Key skills:

Leadership · Mentoring · Communication · Workshop facilitation · Goal-setting · Professional development

Resume-ready bullets

- Completed Beyond Success leadership program (John C. Maxwell / EQUIP) — applied frameworks to lead peer CPD and TA workshops.
- Improved workshop engagement via structured goal-setting and feedback cycles; integrated leadership techniques into team project workflows.
- Demonstrated initiative in professional development and mentorship — transferable to research group leadership in CS.

Admissions-focused reflection

Through the Beyond Success program I developed practical facilitation and leadership skills which I immediately applied to tutoring and coordinating TA workshops. This experience strengthened my ability to lead technical teams, manage timelines, and mentor peers — qualities I will bring to collaborative research and student organizations at top CS programs.

Artifacts to attach

- High-res certificate (this PDF)
- TA workshop slide deck & attendance log (evidence of application)
- Short reflection (100–200 words) describing how frameworks were applied
- LinkedIn post or email announcing completion (social proof)

Ivy relevance (concise)

This certificate demonstrates leadership beyond technical skills — evidence of initiative, communication, and the capacity to lead peers in pedagogical and research settings. Ivy CS programs value candidates who combine rigorous technical ability with demonstrated leadership and mentorship.
